

# LED Linear High Bay Lights

## Application

These linear high bay lights are designed for commercial and industrial installs where performance and flexibility matter. With three selectable wattage levels and two color temperature options (4000K, 5000K), a single fixture can be tuned on-site to match ceiling height, layout, and application. They deliver long-term reliability with a 50,000-hour LED rated life, 0-10V dimmer compatibility, and an integrated sensor base, giving installers an energy-efficient, future-ready solution that helps reduce SKUs, labor time, and operating costs.

## Product Features and Specifications

- 3 Selectable Wattages
- 2 Selectable Color Temperatures (4000K, 5000K)
- Long 50,000hr LED Rated Life
- High Efficacy 150 Lumen/Per Watt
- 0-10V Dimmer Compatible
- Audio Jack Sensor Base
- Sensor Ready Via 3.5mm Plug

# Warranty

This product is guaranteed against failure due to factory defects in materials or workmanship for five (5) years from the date of purchase. This warranty is non-transferable and applies only to the original owner. Proof of purchase required for repair or replacement. This warranty does not cover normal wear of parts or damage resulting from any misuse of the product. Misuse of the product includes but is not limited to: using in extreme weather conditions, opening the housing of the product, or attempted remodel/alterations made to product.
